

I am open to receiving abundance

I am open to receiving abundance.

I welcome abundance in my life. I am happy to receive all the things the universe has in store for me.

I am open to getting an abundance of love, health, money, and whatever else I desire.

The universe sends me everything I need.

My mind vibrates on a level that attracts abundance. I avoid focusing on thoughts of lack, need, or scarcity. Instead, I send out clear intentions of the abundance I desire to the universe. It understands what I want and moves accordingly.

I avoid struggling to get what I need. Everything comes to me easily. I enjoy ease and comfort.

I acknowledge there is an unlimited amount of things in this universe, so abundance is normal. **I welcome great things in my life and look forward to receiving them.** I know the well remains full for others to also enjoy these things.

Abundance is infinite. It is available to everyone. I simply open my heart to receive it.

Today, I am open to abundance. I feel joy and gratitude as the universe provides whatever I need and fulfills my greatest desires.
