CEO's conversation

This "CEOs Conversation" session is vital because it offers exclusive insights from top executives who are driving sustainability transformations within their organizations. CEOs are uniquely positioned to embed ESG into core business strategies, balancing environmental and social goals with profitability. This session fosters candid discussions on navigating challenges like stakeholder capitalism, regulatory pressures, and ESG backlash, while exploring innovative solutions for impactful change.

Why attend this session: By focusing on authentic leadership, proactive decision-making, and collaboration, the session empowers attendees to learn how CEOs turn ESG into a competitive advantage that creates lasting value for businesses and society.

Gervase Warner – Independent Director and Strategic Advisor, Sandals Resorts International and Conscious Capitalism, Inc.

Zia Paton – Partner & Leader, Consulting Services, Digital Services Lead, PwC Trinidad and Tobago, Moderator

Materiality Assessment Workshop

These assessments are pivotal for identifying and prioritizing the Environmental, Social, and Governance (ESG) issues that matter most to an organization and its stakeholders. This session will equip managers with cutting-edge insights into aligning sustainability strategies with stakeholder expectations, mitigating ESG risks, and uncovering opportunities for long-term value creation.

Why attend this session: The session on “Materiality Assessment” empowers managers to prioritize ESG issues effectively, aligning sustainability strategies with stakeholder expectations to mitigate risks and uncover opportunities for long-term value creation. By equipping organizations with cutting-edge insights, this session fosters a strategic approach to ESG management, enhancing both corporate responsibility and sustainable growth.

Arnaud van Dijk – Partner, KPMG Cayman Islands and Deputy Head of ESG, KPMG Islands Group (KIG).

Staci Scott – Director, KPMG Cayman Islands

Green Investment - Access to Green Investment

12:00 p.m.

Green investments and sustainable finance taxonomies are transforming the future of ESG strategies, and this session is your gateway to understanding their impact.

Taxonomies provide a clear framework to identify and classify environmentally sustainable activities, ensuring investments drive meaningful progress toward climate goals while avoiding risks like greenwashing.

Join the conversation to explore how taxonomies are shaping markets, fostering innovation, and unlocking new opportunities for sustainable growth.

Why attend this session: The session on “Green Investment: Access to Green Investment” emphasizes the transformative role of sustainable finance taxonomies in driving impactful ESG strategies. By providing clear frameworks to classify environmentally sustainable activities, it fosters market transparency, mitigates greenwashing risks, and unlocks opportunities for innovation and sustainable growth.

Ugo Blanco – Resident Representative, UNDP Multi-Country Office (Trinidad and Tobago, Aruba, Curaçao and Sint Maarten)

John Outridge – Chief Executive Officer, Trinidad and Tobago International Finance Centre (TTIFC)

Brent McFee – Chief Executive Officer, Home Mortgage Bank

Materiality Assessment Workshop

Align strategic priorities with issues that matter most to your business and stakeholders. By identifying and prioritizing material topics—ranging from financial risks to ESG concerns—executives gain insights into emerging trends, stakeholder expectations, and potential business risks or opportunities.

Why attend this session: This session will empower executives to align their strategic priorities with stakeholder expectations by leveraging materiality assessments to identify key risks, opportunities, and emerging trends. Attendees will gain actionable insights into optimizing ESG strategies and enhancing business resilience through effective prioritization of material topics.

Arnaud van Dijk – Partner, KPMG Cayman Islands and Deputy Head of ESG, KPMG Islands Group (KIG).

Staci Scott – Director, KPMG Cayman Islands
