Safety Control Center (SCC)

The screenshot shows the SCC dashboard for 'Mike Johnson SCC'. On the left, a sidebar contains icons for:

- Critical alert highlight** (pointing to a red '1' in a box)
- Street or satellite views** (pointing to a map icon)
- Calibration compliance** (pointing to a gear icon)
- Critical alert highlight** (pointing to a red '1 CRITICAL' status)
- Evacuate trigger** (pointing to an icon)

 The main dashboard area includes:

- DEVICE SUMMARY**: 3 ACTIVE, 26 MIA
- DEVICE COMPLIANCE SUMMARY**: 5 BUMP TEST DUE, 3 CALIBRATION DUE
- EVENT SUMMARY**: 1 CRITICAL, 8 NON-CRITICAL
- ACTIVE ZONE SUMMARY**: 0 GEOFENCE, 0 EVACUATION

 On the right, a map shows:

- Operator voice/video call** (pointing to a video call window)
- Live gas readings** (pointing to a sensor readings pop-up showing CH4, O2, H2S, CO)
- Facility floor plan** (pointing to the map area)
- Critical alert highlight** (pointing to a red dot on the map)
- Nearby worker** (pointing to a green dot on the map)
- Safe evacuation zone** (pointing to a green square on the map)
