

FORMAL COMPLAINT REGARDING RESIDENCY AND MORTGAGE, INSURANCE, TAX, AND VOTER FRAUD BY U.S. SENATOR ADAM SCHIFF

To Whom It May Concern:

This letter serves as a formal complaint against Senator Adam Schiff, currently representing California in the United States Senate, for potential violations of state and federal law related to residency misrepresentation, mortgage fraud, voter fraud, tax fraud, and insurance fraud.

Background:

Adam Schiff served as a member of the U.S. House of Representatives for California's 27th, 28th, and 30th Congressional Districts from 2001 through 2024. In November 2024, he was elected to the United States Senate. However, from 2003 onward, Senator Schiff appears to have maintained Maryland as his true primary residence while simultaneously representing himself as a resident of California.

Summary of Alleged Violations:

1. Mortgage Fraud - Between 2003 and 2013, Senator Schiff repeatedly affirmed in mortgage documents that his primary residence was located at 8204 Windsor View Terrace, Potomac, Maryland. These affirmations were made under penalty of perjury while Schiff was also asserting California residency for purposes of voter registration and political candidacy.
2. Voter and Election Fraud - Schiff registered and voted in California elections using various addresses in Burbank, including a one-bedroom apartment and a condominium, despite documentation showing that his true domicile remained in Maryland.
3. Tax Fraud - If Senator Schiff claimed non-residency in California on tax filings during this period, while living and working in the state as an elected official, he may have violated California Revenue & Tax Code §17014.

4. Insurance Fraud - Maryland Insurance Code §27-406 and §27-805 prohibit knowingly submitting false information in insurance documents. If Schiff listed the Maryland home as his primary residence while holding office in California and claiming California residency, this may constitute insurance fraud.

5. Constitutional Ineligibility - Under Article I of the U.S. Constitution, both Representatives and Senators must be inhabitants of the states they represent.

Supporting Evidence Includes:

- Deeds and mortgage filings identifying Maryland as the "primary residence"
- Voter registration forms in California from 2003 to 2009
- Ethics Committee transcripts from 2009
- Legal statutes on mortgage, insurance, tax, and election laws

Conclusion:

The totality of documented evidence indicates a pattern of residency manipulation and potential fraud spanning multiple years.

Respectfully submitted,

Christine Bish
