## Phase Two Lower-Risk Workplaces Governor's Executive Order

5/8/2020

The State of California is moving into **Stage 2 of the Roadmap**, where some lower-risk workplaces can gradually open with adaptations. The state has issued guidance to help these workplaces reopen safely.

### Can open with modifications on 5/8/20:

- Curbside retail, including but not limited to: Bookstores, jewelry stores, toy stores, clothing stores, shoe stores, home and furnishing stores, sporting goods stores, antique stores, music stores, florists. Note: this will be phased-in, starting first with curbside pickup and delivery only until further notice.
- Supply chains supporting the above businesses, in manufacturing and logistical sectors, including but not limited to inventory, transportation, storage/warehousing.

### Can open later in Stage 2:

- Destination retail, including shopping malls and swap meets.
- Personal services, limited to: car washes, pet grooming, tanning facilities, and landscape gardening.
- Office-based businesses (telework remains strongly encouraged)
- Dine-in restaurants (other facility amenities, like bars or gaming areas, are not permitted)
- Schools and childcare facilities
- Outdoor museums and open gallery spaces

### Not in Stage 1 or 2: Higher-risk Workplaces:

- Personal services such as nail salons, tattoo parlors, gyms and fitness studios
- Hospitality services, such as bars and lounges
- Entertainment venues, such as movie theaters, gaming facilities and pro sports
- Indoor museums, kids museums and gallery spaces, zoos, and libraries
- Community centers, including public pools, playgrounds, and picnic areas
- Religious services and cultural ceremonies
- Nightclubs
- Concert venues
- Festivals
- Theme parks
- Hotels/Lodging for leisure and tourism

***Stage 2 expansion will be phased in gradually. Some communities may move through Stage 2 faster if they are able to show greater progress and counties that have met the readiness criteria and worked with the California Department of Public Health can open more workplaces as outlined on the [County Variance page](#).***

### **INDUSTRY GUIDANCE TO REDUCE THE RISK**

Before, reopening, all facilities **must**:

1. Perform a detailed risk assessment and implement a site-specific protection plan
2. Train employees on how to limit the spread of COVID-19, including how to [screen themselves for symptoms](#) and stay home if they have them
3. Implement individual control measures and screenings
4. Implement disinfecting protocols
5. Implement physical distancing guidelines

Adaptations need to be made before Stage 2 workplaces can open – currently that includes modifications like curbside pickup at retail locations.

Industry Specific Guidance and Checklists are available at <https://covid19.ca.gov/roadmap/#guidance>
