Kathy Brook

Executive Director

September 2020

It has been a pleasure to step into the role of Racquetball Canada Executive Director. I was in the position for 3 months of the 2019-2020 fiscal year. In that time, we worked to finalize Trackie, the websites and ensure the new governance structure was in place. Thank you to the committee chairs who have done an outstanding job with their committees moving the sport of Racquetball forward. These committees come with important information and ideas that have been vetted by experts and the new governance board is able to approve the recommendations quickly and efficiently. The board worked diligently in these first three months to approve a brand-new policy suite. This policy suite is now posted on our website.

2020 was particularly challenging as a world-wide pandemic caused the sport to come to a standstill in March. We had to make the difficult decision to not send a team to Pan-Am Championships and to cancel our National Championships. Our fiscal year was extended to September 2020 as a result. We are in good financial shape; our volunteers continue to work tirelessly and we work hard to grow the Racquetball family.

Jen Saunders
HP and Sport Development Director
September 2020

I was excited to begin my new role with Racquetball Canada in January of 2020. Over the first 3 months of the year the High Performance Committee was busy working on qualifying and sending a Team to compete in the 2020 Pan American Championships with an eye on the 2020 Worlds. The Sport Development Committee worked through many challenges of combining Junior & Senior Nationals and was ready to host the event in Brossard Quebec.

Unfortunately we were met with uncharted waters when courts across the country were forced to shut their doors and all tournaments were cancelled including international events. At that time my focus shifted to ensuring the mental well-being of our athletes and coaches with the assistance of our newly hired Integrated Support Team.

I want to thank all the volunteers I have had the opportunity to work with over the past few months. I believe we have done the best we can for Racquetball during this unprecedented time. I also want to thank Kathy for her tireless work and being a great leader for our sport.

I look forward to the time we can all meet again on and around the courts!
