

EXPERTISE THAT POWERS EFFICIENCY AND *Growth*

Infrastructure Migrations are High-stakes Operations

If not performed correctly, they can lead to:

- System downtime
- Critical compatibility risks
- Operational disruption

The High Cost of Downtime

Unplanned downtime during migrations can cost up to \$300,000/ hour.

Redesign's proven expertise ensures smooth, efficient transitions while mitigating these risks, minimizing costs, and safeguarding your operations.

IT Leaders Trust Redesign

As Dell's North American Partner of the Year, our approach gives you:

- Reduced downtime risk
- Efficient complex workload migration
- Improved business continuity

OUR SOLUTIONS

Our Dell, VMware, and Microsoft-certified engineers help you transform complex migration challenges into seamless solutions with:

- Initial infrastructure assessments
- Intelligent workload mapping
- Proven, minimal-disruption planning & methodologies
- Post-migration validation

Why Redesign?

Our mission is to disrupt the Technology Solutions Provider market by setting a new standard in customer and manufacturer experience. We leverage the power of curiosity, combined with emerging technology and subject matter expertise, to deliver award-winning solutions and services with precision and ease.
