

Sewing Machine Operator

Salus is a Canadian manufacturer of Personal Flotation Devices. We are seeking full time Sewing Machine Operators to join our growing team! The position is full time, Monday – Friday, and is based in Waterloo, Ontario.

Essential Duties and Responsibilities

- Pre-inspect each piece textile for defects prior to sewing.
- Ability to sew a wide range of textiles at required productivity rates.
- Effectively operate various sewing machines (brands and styles) and be able to conduct routine (basic) sewing machine maintenance such as:
 - Thread, Needle, Blade, & Bobbin changes.
 - Cleaning of thread or textile remnants from casings
 - Oiling of machine
- Solve problems with sewing machines or get appropriate help to resolve problems.
- Ensure that each part passed to the next station meets the customers quality expectations.
- Perform related duties as assigned by supervisor.
- Ability to work independently and to carry out assignments to completion within parameters of instructions given, prescribed routines, and standard accepted practices.

Why Should You Apply

- Fulltime
- No weekends; Monday-Friday day shift
- Benefits package after three months
- Flexible, dynamic, and fun team working environment
- Monthly Bonus
