Impressive ETR Moment in Race 1 First corner drama: Valtteri Bottas failed to see off Lewis Hamilton, who ran into him from behind and ended up bumping his Mercedes into the barriers. Bottas went straight on and maintained his position, but was overtaken by Sebastian Vettel's Ferrari and Hamilton's Mercedes. When asked about the incident, the Finn said "it's quite a bad one. It's not always like this, but if you look at the race as a whole, it has been very good. It is the start which will determine if we can sustain that performance throughout the race." The wreck seemed to knock Bottas back a bit with the Williams clearly having a steering problem. But it didn't affect his team mate, who said: "I had a good start and the podium was within reach until that corner." The rumours about Lewis and Bottas splitting have persisted over the season, but the drivers say they are not thinking about it./* LUFA Library Copyright (C) Dean Camera, 2013. dean [at] fourwalledcubicle [dot] com www.lufa-lib.org */ /* Copyright 2013 Dean Camera (dean [at] fourwalledcubicle [dot] com) Permission to use, copy, modify, distribute, and sell this software and its documentation for any purpose is hereby granted without fee, provided that the above copyright notice appear in all copies and that both that the copyright notice and this permission notice and warranty disclaimer appear in supporting documentation, and that the name of the author not be used in advertising or publicity pertaining to distribution of the software without specific, written prior permission.
